

PAPER SUBMISSION GUIDELINES

Prospective authors are invited to submit original technical papers for publication in the Eusipco 2023 Conference Proceedings.

All papers, including the ones for special sessions adhere to the same guidelines. During the initial paper submission process, the authors are required to make sure the pdf file and paper registration have the same list of authors and the same paper title. Failure to comply with this rule might result in your paper being withdrawn from the review process. On the other hand, the author list of an accepted paper can NOT be changed in the final manuscript. All main conference and special session submissions should be written in English with a maximum paper length of **five (5) printed pages** (10-point font) including figures. Papers exceeding 5 pages will not be accepted, nor reviewed at all.

When preparing your final manuscript, please pay also attention to the following: **LaTeX is the preferred method to prepare you manuscript.** Please use the standard LaTeX IEEE conference templates (<https://www.ieee.org/conferences/publishing/templates.html>). If you use Microsoft Word, please use the most current version, which will help reduce word-to-pdf conversion issues such as embedded fonts, bookmarks, etc. Also, please use the Word IEEE conference template. Please do not include page numbers or headers/footers. Only PDF files will be accepted for the review process. The review process is single blind.

To submit your paper go to: *link to be provided later*

Accepted papers will be published on IEEE Xplore® like past proceedings of EUSIPCO conferences, see: <https://ieeexplore.ieee.org/xpl/conhome/1801907/all-proceedings> In addition, the proceedings are posted Open Access on the Eurasip website. Copyrights of the papers remains with the authors and posting of their papers on other repositories (e.g. arXiv) is permitted.

Please contact the Technical Program Chairs or General chairs if you have any questions about submitting your manuscripts.

PAPERS MUST BE SUBMITTED IN ADOBE'S PORTABLE DOCUMENT FORMAT (PDF) FORMAT

- must not have Adobe Document Protection or Document Security enabled
- must have either 'US Letter' or 'A4' sized pages
- must be in first-page-first order
- must have ALL FONTS embedded

All fonts must be embedded in the PDF file. There is no guarantee that the viewers of the paper (reviewers and those who view the electronic proceedings after publication) have the same fonts used in the document. Please refer to your PDF file generation utility's user guide to find out how to embed all fonts.

NO-SHOW POLICY

Papers that are accepted for EUSIPCO must be presented at the conference by one of the authors. Any paper withdrawn after the published deadline or papers that are not presented at the conference by an author shall be deemed a "no-show" paper and will not appear in the conference proceedings nor in IEEE Xplore.

A paper may exceptionally be presented by a non-author but this must be approved by the EUSIPCO Technical Program Chairs. Any such non-author presenter must be able to present the work and respond to questions with the same effectiveness as if they were an author. Requests for non-author presenters must be made by email no later than two weeks prior to the conference. Exceptions to this policy can be made at the discretion of the Technical Program Chairs if evidence is provided that the no-show occurred because of circumstances beyond the control of the authors.

No-show paper authors wishing to appeal must email the EUSIPCO Technical Program Chairs no later than 7 days after the start of EUSIPCO and provide their supporting evidence. Appeals are decided by the Technical Program Chairs based on evidence provided. Examples of relevant evidence includes medical documents and visa rejection letters.

COMMITTEES

GENERAL CO-CHAIRS

Esa Ollila, Aalto University, Finland
Sergiy A. Vorobyov, Aalto University, Finland

TECHNICAL PROGRAM CO-CHAIRS

Antonio G. Marques, King Juan Carlos University, Spain
Mikko Valkama, Tampere University, Finland
Yongwei Huang, Guangdong University of Technology, China

FINANCIAL CO-CHAIRS

Tom Bäckström, Aalto University, Finland
Mónica Bugallo, Stony Brook University, USA

TUTORIALS CO-CHAIRS

Erik G. Larsson, Linköping University, Sweden
Visa Koivunen, Aalto University, Finland
Frédéric Pascal, CentraleSupélec, France

SPECIAL SESSIONS CO-CHAIRS

Adrian Basarab, Université de Lyon, France
Stefan Werner, NTNU, Norway
Xavier Mestre, CTTC, Spain

PLENARY CO-CHAIRS

Geert Leus, TU Delft, The Netherlands
Mario A.T. Figueiredo, University of Lisboa, Portugal

PUBLICATIONS CO-CHAIRS

Andreas Jakobsson, Lund University, Sweden
Christoph Mecklenbräuker, TU Wien, Austria
Themistoklis Charalambous, University of Cyprus, Cyprus

STUDENT ACTIVITIES CO-CHAIRS

Michael Muma, TU Darmstadt, Germany
Sergio Cruces, University of Sevilla, Spain
Nora Ouzir, CentraleSupélec, France

SOCIAL MEDIA AND WEB CO-CHAIRS

Guillaume Ginolhac and Ammar Mian, Université Savoie Mont-Blanc, France

PCO

Karoliina Sunell, Tavicon, Finland

IMPORTANT DATES

Dec 12, 2022	Call for Special Sessions
Feb 20, 2023	Full paper submission
Mar 1, 2023	Call for Tutorials
May 29, 2023	Notification of acceptance
Jun 12, 2023	Final manuscript submission
